WOLFFKRAN MORE – WOLFF CRANES plus more at bauma 2019

Munich – January 2019. WOLFFKRAN will present itself under the motto WOLFFKRAN MORE at bauma 2019. MORE – Manufacturer, Operations, Rental, Expertise – reflects the entire range of services and the identity of WOLFFKRAN from the manufacturer and rental company to the service provider for high-quality tower cranes. This year, visitors cannot only expect to see new cranes from WOLFFKRAN, but also gain exciting insights into many other areas of business and complementary products as well as services. They make the company what it is: a one-stop-shop provider of comprehensive lifting solutions for construction sites around the world.

WOLFFKRAN – The manufacturer

At bauma, WOLFFKRAN will impress its visitors with a strong trio: the new WOLFF luffing crane 133 B, the BIG WOLFF 1250 B and the latest WOLFF 6020 clear crane. WOLFFKRAN will present its new hydraulic luffing jib crane, the WOLFF 133 B, which is ideally suited for downtown city construction sites and completes the WOLFF luffing jib crane range in the lower load moment range. The youngest WOLFF will be presented at bauma on a City Portal and with an external climbing system. He will be joined by the largest member of the WOLFF luffer family, the BIG WOLFF 1250 B with a jib radius of 80 meters and a lifting capacity of 60 tons. Although, it has been seen on numerous construction sites around the world since its market entry in 2009, this will be the first time the WOLFF 1250 B presents itself to the general public at a trade show. The WOLFF 6020 clear, the latest member of the clear-family in the 140-meter range, completes the WOLFF trio and will be accessible to visitors.

WOLFFKRAN MORE – More than a crane manufacturer

WOLFFKRAN MORE stands for a comprehensive service offer that goes far beyond the construction of cranes. Not only does it cover the entire bundle of services related to the rental business, but also various complementary products related to tower cranes. In this sense, WOLFFKRAN will exhibit a service van that fair visitors can enter to view all equipment and tools. Furthermore, visitors can expect an informative film about the WOLFFKRAN rental business, showing all steps from the customer enquiry to the crane assembly on the construction site. In addition, WOLFFKRAN will be presenting

PRESS RELEASE

Munich, 01/28/2019

further elements of its service portfolio, such as the WOLFF Link remote data transmission tool and the WOLFF Onsite accessories division. Finally, WOLFFKRAN will also introduce the WOLFF Crane Configurator which allows customers to put together their crane online according to their needs.

The Lifting Lounge – Powered by WOLFFKRAN

Just in time for bauma and as a further “bonus” WOLFFKRAN is launching the “Lifting Lounge”, a club dedicated to crane operators and professionals. Thus, an online portal gives club members the possibility to exchange ideas, pictures and experiences. In addition, club members have access to an expert as well as to a health and safety forum and can benefit from special advantages such as member events and discounts on the merchandise range.

You can look forward to an exciting WOLFFKRAN stand with WOLFF cranes and MORE.
